

ASHLEE GILBERT

Ashlee and his family reside in Wiluna and have a very strong family connection in the community.

Ashlee is a bright and talented young man and the Murlpirrmarra Connection has supported him through his transition from the Wiluna community to boarding school in Perth.

Ashlee encountered several hurdles throughout his academic journey. Ashlee had volatile substance abuse issues and was caught up with the criminal justice system.

Acting in conjunction with the Drug and Alcohol Office and the Department of Corrective Service, Murlpirrmarra Connection supported Ashlee by sending him to BushMob in the Northern Territory. BushMob run a residential treatment facility which helped with Ashlee's recovery and re-engagement in a new school.

Ashlee was successful in completing year 12 at Wiluna Remote Community School.

Murlpirrmarra Connection is very proud of Ashlee and will work with him in his future employment and training endeavours.
