

RACHEL NEWBERRY

Overview

Rachel's family connections are embedded very strongly in the Wiluna community, coming from a long standing, prominent group.

Rachel commenced her time at Catholic Agricultural College, Bindoon in 2016 and previously attended Wiluna Remote Community School.

While at Bindoon, Rachel undertook work experience at Ngangganawili Aboriginal Health Services and completed English, Mathematics, Religion, Career and Enterprise and Animal Productions Systems. This education and training has been invaluable.

Murlpirrmarra has had Rachel's best interests and wellbeing at heart for many years and we were delighted when a place finally arose for her to complete her education at Bindoon. It has been a long and fluctuating journey and we are extremely proud and honoured to see Rachel complete her year 12 studies.

Congratulations on all your hard work Rachel. Murlpirrmarra looks forward to supporting you in your future endeavours and dreams to be a famous singer and performer!
