

# SIAN RYDER

Sian's commitment was unwavering, as she saw the whole five years out at Edmund Rice College in Bindoon, which is a huge credit to her. Shy and reserved, she still managed to make a lot of acquaintances and friends for life at the school.

With glowing comments on her reports, Sian demonstrated skills including self-awareness, self-confidence and identity and participated in a range of activities.

Sian is always willing to help and has a 'can do' attitude. While sporting field wasn't her forte, academically and socially she blossomed.

Murlpirrmarra Connection is very proud of Sian and will work with her in her future employment and training endeavours. We wish her the best of luck with whichever path she chooses.
