Drivers Licence

South Fremantle Football Club Colt's squad member 2013

Cert II Traineeship in Civil Construction through Nyaarla Projects and Silver Trowels 2013

Received an apprenticeship with the John Holland Group 2013

Overview

Alan showed great maturity and was a good example to the other boys with his work ethic during his time at school and with his school based work program with Ertech.

Alan shows very good skills on the football field and was a regular in the Clontarf football Academy's first 18.

Alan completed years 10, 11 and 12 at Clontarf Aboriginal College. Alan's school and academy attendance was at a very high percentage during his 2 & ½ years at Clontarf.

Alan is one of the first students supported by the Murlpirrmarra Connection who graduated from secondary school.

After graduation Alan returned to Perth to take up the opportunity to continue his Cert II in Civil Construction through the Silver Trowel program and very quickly moved into an apprenticeship with the John Holland group.

Whilst continuing his education and training Alan trained consistently with the South Fremantle Football Clubs colt team.

Alan is now looking to explore another opportunity in Kalgoorlie with SMS Rentals as an apprentice Diesel Mechanic, to be closer to family.
