

South Fremantle Football Club

Open their doors to the

Wiluna Martu Students

South Fremantle Football Club invited the Wiluna Martu Students to Fremantle Oval on Friday the 29th of July 2012, to observe training and have the opportunity to meet and greet the league team and senior coaches.

A big thank you, to Garry Davidson, South's Operations Manager, who presented the students with a South Fremantle Football Club cap on arrival and opened the doors to the inner sanctum of the club.

Garry led the group through the club's change rooms explaining the different facets to the workings of the Club. With a tour of the weights room, the John Todd coach's room, the Ice bathes and locker room, the Wiluna students walked away enlightened by the experience.

Senior Coach and former Docker great Paul Hasleby took time out to talk to the group prior to training.

Special thanks to

Brian Ciccotosto: Club President

Garry Davidson: Operations Manager

Daniel Vidovich: Development Officer

Paul Hasleby: League Coach

For helping set up the visit and making the Wiluna Students feel welcome.

South Fremantle Football Club is the WAFL Club allocated to the Wiluna zone and the Wiluna Martu students look forward to a long and successful relationship with the mighty Bulldogs.
